

Contractor's Corner Frank Capasso and Sons, Inc.

Editor's Note: EMS NEWS will periodically run the Contractor's Corner feature, highlighting one of the numerous contractors we have worked with on various projects.

Installation of CR-Series expansion joint

Frank Capasso and Sons, Inc. specializes in concrete, masonry, and structural restoration services, as well as caulking, architectural coatings, and waterproofing. EMS and Frank Capasso and Sons, Inc. have collaborated on many projects, including the Mohegan Sun Parking Garage in Uncasville, Connecticut (*see related article "Repair Work Not a Gamble at the Mohegan Sun Casino"*).

The company was established in 1975 by Francesco Capasso. In the early 1990's the organization expanded with the addition of Frank's two sons, Vincent and Anthony. The capabilities of the firm have also broadened to address the growing commercial, institutional, and industrial markets. Services provided include:

- Tuck Pointing
- Concrete Restoration
- Caulking
- Masonry
- Paint Removal
- Expansion Joint Systems
- Lead Paint Removal
- Building Cleaning
- Coatings
- Sealants
- Waterproofing
- Painting
- Masonry Restoration

Frank Capasso & Sons, Inc. continues to take pride in its tradition of satisfying each client's project requirements with timely installations and quality workmanship.
