

Contractor's Corner LS Decker, Inc.

LS Decker Inc.
established 1981

Editor's Note: *EMS NEWS* will periodically run the Contractor's Corner feature, highlighting one of the numerous contractors we have worked with on various projects.

L.S. Decker crew installing expansion joints in plaza deck for the Phipps Towers

The L.S. Decker management team has more than 100 years combined experience in the waterproofing trade. The team can assist with preliminary design and budgeting to help establish the most economical and effective waterproofing systems for any commercial project. The project team's "make it happen" philosophy results in successful projects for both general contractors and project owners.

For additional information about LS Decker, Inc., contact Jeff Nelson at 770-218-2212 or e-mail h2no4u@aol.com. You can also visit their website at www.lsdecker.com.

If you are interested in becoming an Approved Applicator for EMS products, contact Suzanne Phillips at 716-542-3991 or send an e-mail to suzanne.phillips@eriemetal.com.

The associates at EMS have had the pleasure of working with L.S. Decker's Atlanta-based crew on a variety of projects. The Phipps Tower/Plaza (featured in a separate article) is the most recent example of the collaboration between L.S. Decker and EMS.

L.S. Decker, Inc. is a full service commercial construction waterproofing company established in 1981. The home office is located in Houston, Texas. Regional offices operate in Atlanta, Georgia, the Austin/San Antonio, Texas area, and in the Dallas/Fort Worth Metroplex to serve their clients' geographic diversity. L.S. Decker provides waterproofing solutions and services to both new construction and existing facilities.
