RE: Compression Joints (Lube Adhesive) - Green Building Product Information (LEED® Information)

Erie Metal Specialties, Inc. (EMS), as an organization, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

**Material Manufacturing Location:**

Compression (lube adhesive) seals are manufactured in North Baltimore, OH. Should your job site be within 500 straight-line miles of North Baltimore, this material will help contribute positively towards the Locally Manufactured Material Credit.

**Raw Material Extraction Information:**

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

**Rapidly Renewable Raw Material Information:**

Compression (lube adhesive) seals contain 0% rapidly renewable raw material content by weight.

Recycled Content Information (by weight): 0

**Additional Information:**

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local EMS Representative.

Sincerely,

A handwritten signature in blue ink that reads 'Suzanne L. Phillips'.

Suzanne L. Phillips
